

SENTINEL TUBE VEND

Sentinel™, Tidel's leading-edge cash management system, builds on TACC's established legacy as a robbery deterrent. The Sentinel Tube Vend has been designed to further reduce the risk of internal theft, streamline in-store management time, and create greater efficiencies in store operations, thereby improving overall customer service.

For more than a quarter century, Tidel has been the recognized leader in the manufacture of retail cash security systems. With over 300,000 systems shipped, major retailers throughout the world have turned to Tidel to provide solutions to their cash handling needs.

The Sentinel family of Cash Management Systems is designed with flexibility and efficiency in mind. The Sentinel can operate either on a stand alone basis or installed as a node on your existing network, and its Windows based software provides secure, 2-way communication between the Sentinel and POS or Sentinel and Corporate Offices. The networked Sentinel system allows users to view and download transactional data or reports, download software enhancements and transfer status indicators or data logs. Tidel's software also provides the unique ability to electronically "command and control" the operation of the Sentinel through the POS terminal, providing full accountability and effectively closing the cash management loop.

SPECIFICATIONS:

Weight:	437 lbs. (198 kg) with Single Note Validator 509 lbs. (231 kg) with Dual Note Validators
Height:	30.75" (781 mm)
Width:	9.75" (248 mm) Tube Vend only 21" (533 mm) with Single SCD 24.25" (616 mm) with Dual SCD
Depth:	19" (483 mm) vault only 24" (610 mm) overall

Power Requirements:
120 VAC 60Hz or 220 VAC 50Hz

HARDWARE FEATURES:

- 2 Separate Time-Delayed Vaults for Manual Drops, Bill Validator Cassette Security and Auxiliary Storage
- Integral Tube Loading Gate that Prevents Unauthorized Loading of Tubes
- Stores Up to 88 Tubes
- Personal Identification Number (PIN) and Data Key System Allows Managed Access to Functions and Reports
- Optional Courier Data Key that Allows Instant Access to Vaults
- 1 or 2 Note Validators with High Capacity Cassettes
- Note Validators can be Single Note or Bulk Note Feed
- RoHS Lead-Free Compliant
- Integrated Thermal Printer

SOFTWARE FEATURES:

- Can be Connected to Ethernet Network for Interface to POS, Back Office PC or Remote Locations
- All Transactions, Deposits, Drops and Vault Access can be Tracked Back to an Individual User Through the Use of PINs
- Managers can Easily Add, Modify and Delete Clerk Access Through the Touchscreen Interface
