## New Burroughs Printers (Powered by Oki Print Technology)

---

Digital color and monochrome printers and MFPs designed to deliver maximum productivity for your business.

KI Printing Solutions offers groundbreaking technology to truly enhance everyday business productivity. Whether you want to optimize the quality and management of business communications or save on workspace and capital expenditure, printers and MFPs from OKI Printing Solutions deliver your best value, backed by world-class customer service and support.

Our best-in-class digital color printers offer brilliant color quality and greater media flexibility, enabling you to create high-impact color reports, presentations, mailers, banners and many other types of communications, without the expense of using outside commercial printers.

Our complete line of reliable monochrome printers – desktop and workgroup – meet the most demanding requirements for performance, affordability, support and productivity in all types of environments. Our award-winning printers provide feature-rich black & white printing solutions – adaptable to any stand-alone or network printing environment.

A full line of color and mono MFPs: ranging from small desktop to large workgroup, offers fast, high-quality print and copy solutions. Their printing, scanning, copying and faxing capabilities can maximize productivity and space, and enable you to create and manage professional documents affordably and easily.
